

# GUILT FREE

## Fully Recyclable Pouches and Rollstock with **HARMONYPack™**

Tempo Plastics has developed the HARMONYPack™, a pouch or rollstock that can safely enter the ♻️ recycling stream. This unique film provides excellent barrier, the best product to package ratio and premium graphics capabilities. Pouches can still have features like durable flange style press to close zippers, and many different hanger and handle options.

Our HARMONYPack is beneficial for circular economies and exceeds market criteria for performance and cost by being more durable than a standard poly bag. It is also certified by [www.how2recycle.info](http://www.how2recycle.info).

### Possibilities include:

- Pet Treats
- Confection
- Lawn & Garden
- Nuts & Seeds
- Coffee
- Frozen Foods
- Bakery & Snack Foods

## The Future of **Circular Economy Packaging**
